Forecasted Key Milestones:

PCN Notification Days	30 days
Date Customer Must be Ready to Receive Post-Conversion Material	September 10, 2023

Description of Change to the Customer:

To enable as much flexibility for our customers, Solidigm is moving this PCN from mandatory to optional opt-in only. The current shipping label will continue as-is today.

Solidigm is implementing a change to the shipping label by adding a data identifier that aligns with ISO/IEC 15418 standards. Overall, the addition of the data identifier to the shipping label aims to provide customers with improved visibility, accuracy, and efficiency throughout the shipping and delivery process. These enhancements contribute to a positive customer experience, enabling customers to track their shipments effectively and receive their orders with confidence.

Customer Impact of Change and Recommended Action:

This change may impact your shipping department and associated personnel. They will need to ensure that the new shipping label template, incorporating the ISO/IEC 15418-compliant data identifier, is utilized for all incoming shipments starting from the effective date mentioned above. If you have any questions or require further information regarding this change, please reach out to your Solidigm representative or email dl_pcn_support@solidigm.com.

We appreciate your cooperation and understanding as we implement this improvement to our shipping processes, aligning with the ISO/IEC 15418 standards to enhance efficiency and compatibility in international trade and commerce.
